Fourth Quarter 2012 Results

Total revenues for the quarter ended December 31, 2012, were \$758.4 million, an increase of \$20.9 million from total revenues of \$737.5 million for the same period in the prior year. This 2.8% increase in total revenues was primarily due to growth in both the RAC Acceptance and International segments, partially offset by a decrease in the Core U.S. segment. For the quarter ended December 31, 2012, same store sales declined 0.2%, primarily attributable to a decrease in the Core U.S. segment, partially offset by an increase in both the RAC Acceptance and International segments.

Net earnings and net earnings per diluted share for the quarter ended December 31, 2012, were \$47.5 million and \$0.81, respectively, as compared to \$49.3 million and \$0.83, respectively, for the same period in the prior year. These results include dilution related to the Company's international growth initiatives of approximately \$0.07 per share for the quarter ended December 31, 2012, and \$0.06 per share for the same period in the prior year.

Net earnings per diluted share for the quarter ended December 31, 2012, were \$0.81, as compared to adjusted net earnings per diluted share of \$0.85 for the same period in the prior year, after giving effect to a pre-tax restructuring charge of \$1.4 million (approximately \$0.02 per share) related to the acquisition of 58 rent-to-own stores in November 2011, as discussed below.

"We are generally pleased with our overall 2012 results as we achieved total revenue growth of 7% and over a 6% increase in net earnings per diluted share to \$3.09, both within our annual guidance issued last January," said Mark E. Speese, the Company's Chairman and Chief Executive Officer. "The core rent-to-own business generated total revenue growth of 1% in 2012," Speese continued. "In addition, the RAC Acceptance business continued to generate impressive results, with revenue growth of over 77% in 2012 to \$343 million, an operating profit for the year of over \$28 million and 966 kiosks open at December 31, 2012," Speese commented. "In 2013, we intend to continue focusing on keeping the core business strong and further investing in our strategic initiatives, while continuing to return value to our shareholders through dividends and opportunistic common stock repurchases," Speese concluded.

Year Ended December 31, 2012 Results

Total revenues for the year ended December 31, 2012, were \$3.083 billion, an increase of \$200.5 million from total revenues of \$2.882 billion in the prior year. This 7.0% increase in total revenues was primarily due to growth in the RAC Acceptance segment as well as growth in both the Core U.S. and International segments. Same store sales for the year ended December 31, 2012, increased 1.4%, primarily attributable to the RAC Acceptance segment.

Net earnings and net earnings per diluted share for the year ended December 31, 2012, were \$183.5 million and \$3.09, respectively, as compared to \$164.6 million and \$2.66, respectively, in the prior year. Same Store Sales (SSS) Methodology Change

The Company also announced that it is modifying the methodology it uses to calculate same store sales, beginning with the first quarter of 2013. The 2013 guidance set forth below reflects the new methodology. The Company believes these modifications bring its same store sales calculation into alignment with the methods used by other major retailers. Below is a comparison of the current and revised methodologies.

Current Methodology

New or acquired store added to the SSS base in the fifth full quarter of operation. Inclusion in the year-to-date/annual SSS calculation required a store to be in operation for each of the entire year-to-date periods in the current and previous year.

Revised Methodology

New or acquired stores will be added to the SSS base in the 13th full month of operation

We will continue to exclude from the same store sales base any store that receives a certain level of customer accounts from another store (acquisition or merger). The receiving store will be eligible for inclusion in the same store sales base in the sixth full quarter following the account transfer.
