In fulfilling its oversight responsibilities, the Committee assists the Board in monitoring (1) the integrity of the financial statements of the Company, (2) the independent auditor’s qualifications and independence, (3) the performance of the Company’s internal audit function and independent auditor, (4) the Company’s internal controls and procedures designed to promote compliance by the Company with accounting standards, and legal and regulatory requirements, and (5) the Company’s risk management practices. The Committee shall have the sole authority to appoint, determine funding for, and oversee the independent auditor. The Committee shall be directly responsible for the compensation, retention (and termination) and oversight of the work performed by the Company’s independent auditor (including resolution of disputes between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The Company’s independent auditor shall report directly to the Committee.

The Committee shall have the authority, to the extent it deems necessary or appropriate, to engage and determine funding for independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Committee, in its capacity as a committee of the Board, for payment of compensation to the Company’s independent auditor for the purpose of rendering or issuing an audit report or performing other audit, review or attest services for the Company and to any advisors engaged or employed by the Committee, as well as for the payment of ordinary administration expenses of the Committee that are necessary or appropriate for carrying out its duties.

The function of the Committee is oversight. Management is responsible for the Company's financial reporting process, including its system of internal control over financial reporting (as defined in Rule 13a-15(f) promulgated under the Exchange Act), and for the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting

principles. The independent auditor is responsible for auditing those financial statements, and expressing an opinion on the effectiveness of internal control over financial reporting. In fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Committee or its members to conduct “field work” or other types of auditing or accounting reviews or procedures or to set auditor independence standards. In addition, it is not the duty of the Committee to plan or conduct audits or to determine that the Company’s financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the Company’s independent auditor.
